## ABOUT THE PROGRAM

Adjusted Gross Income? Effective tax rate? S Distributions? Is it all Greek to you?

Designed for newer attorneys or family law practitioners looking for a refresher, this program will walk you—step-by-step—through both personal and business income tax returns, and business financial statements. With instruction from an AAML Fellow and Certified Public Accountant, you will learn to confidently determine an individual's gross income and net income, and an individual's income for purposes of support, business book income, business tax income, business retained earnings, and business cash flow.
